POWERBOOZT 12V High Frequency Inverter

Inverter / Omvormer | POWERBOOZT | PB-RHINO-1500-12-L

High-frequency technology ensures efficient power conversion, sustaining 1500W continuous output from a 12V DC source for demanding mobile applications. This unit is engineered for Caravans, Automotive, Marine, and Camper settings, providing reliable onboard AC power without requiring re-installation.

Features

- Delivers 1500W of continuous power from a 12V DC source, enabling the operation of a wide range of appliances and tools in mobile environments.
- Specifically designed for demanding applications in Caravans, Automotive, Marine, and Camper settings, providing reliable onboard AC power.
- High-frequency technology ensures efficient power conversion, minimizing energy loss and maximizing battery utilization.
- Features an integrated LCD display for clear, real-time monitoring of voltage and operational status, enhancing user control and awareness.
