

POWERBOOZT 24V 1500W Pure Sine Inverter

Inverter / Omvormer | POWERBOOZT | PB-RHINO-1500-24

Professional mobile and off-grid operations demand clean power for sensitive electronics, which this inverter provides through pure sine wave output technology. It delivers stable 230V AC from a 24V DC source, ensuring compatibility and optimal performance for all AC equipment, from tools to delicate devices.

Features

- Provides 1500W of continuous pure sine wave AC power, safeguarding sensitive electronics and ensuring reliable operation of appliances and tools in mobile and off-grid settings.
- Engineered for heavy-duty automotive, caravan, camper, and marine applications, delivering stable 230V AC power from a 24V DC source.
- Pure sine wave output technology ensures compatibility with all types of AC equipment, from sensitive electronics to power tools, preventing damage and ensuring optimal performance.
- Features robust construction and reliable power conversion, ideal for demanding environments where consistent power is critical for operation and comfort.

CONTINUOUS POWER

1.500 W

NOMINAL OUTPUT VOLTAGE

230 V

WEIGHT

4,8 kg

Technical Specifications

Input		Output	
Nominal Input Voltage	24 V DC	Nominal Output Voltage	230 V AC
		Waveform	PURE_SINE
Power		Physical Specifications	
Continuous Power	1.500 W	Length	380 mm
		Width	190 mm
		Height	82 mm
		Weight	4,8 kg

Regulatory Compliance

Standards: EN 62109-1, EN 62109-2, EN 55011

Regulatory: CE

Product Identification

Item Code: **PB-RHINO-1500-24**

EAN/Barcode: **8720165614059**

Manufacturer Code: **PB-RHINO-1500-24**
