

POWERBOOZT 48V Pure Sine Inverter

Inverter / Omvormer | POWERBOOZT | PB-RHINO-2000-48-L

Without pure sine wave output, sensitive electronics risk damage and malfunction from power fluctuations. This inverter delivers 2000W of grid-quality AC power, ensuring flawless operation and peak performance for all connected devices.

Features

- Delivering 2000W of clean, pure sine wave AC power, this inverter ensures sensitive electronics operate flawlessly and safely, preventing damage and ensuring peak performance for all connected devices.
- Engineered for mobile power solutions, it excels in caravans, campers, automotive, and marine applications, providing reliable AC electricity for essential equipment and appliances on the go.
- Utilizes advanced pure sine wave technology to replicate grid-quality power, safeguarding delicate electronics and ensuring compatibility with even the most sensitive equipment.
- Designed for robust 48V battery systems, it offers efficient power conversion and is built to withstand the rigors of heavy-duty use in challenging environments.

CONTINUOUS POWER

2.000 W

NOMINAL OUTPUT VOLTAGE

230 V

WEIGHT

5 kg

Technical Specifications

Input		Output	
Nominal Input Voltage	48 V DC	Nominal Output Voltage	230 V AC
		Waveform	PURE_SINE
Power		Physical Specifications	
Continuous Power	2.000 W	Weight	5 kg

Regulatory Compliance

Standards: EN 62109-1, EN 62109-2, EN 55011

Regulatory: CE

Product Identification

Item Code: **PB-RHINO-2000-48-L**

EAN/Barcode: **8720618148957**

Manufacturer Code: **PB-RHINO-2000-48-L**
