

## POWERBOOZT 24V 2500W Pure Sine Inverter

Inverter / Omvormer | POWERBOOZT | PB-RHINO-2500-24

In mobile and off-grid power architectures where grid access is unavailable, pure sine wave output at 2500W protects sensitive electronics from waveform distortion. This inverter seamlessly converts 24V DC to clean 230V AC, enabling operation of high-demand appliances and safeguarding delicate equipment.

### Features

- Delivers a stable 2500W of continuous power with pure sine wave output, safeguarding sensitive electronics and enabling the operation of high-demand appliances.
- Engineered for mobile and off-grid environments, making it ideal for caravans, campers, automotive, and marine applications where reliable AC power is essential.
- Utilizes pure sine wave technology to provide clean, grid-quality power, preventing damage and ensuring the efficient operation of sensitive electronic devices.
- Designed for 24V DC systems, offering compatibility with a wide range of heavy-duty vehicles and deep-cycle battery setups.

CONTINUOUS POWER

**2.500 W**

NOMINAL OUTPUT VOLTAGE

**230 V**

WEIGHT

**6,8 kg**

### Technical Specifications

Input		Output	
Nominal Input Voltage	<b>24 V DC</b>	Nominal Output Voltage	<b>230 V AC</b>
		Waveform	<b>PURE_SINE</b>
Power		Physical Specifications	
Continuous Power	<b>2.500 W</b>	Weight	<b>6,8 kg</b>

### Regulatory Compliance

Standards: EN 62109-1, EN 62109-2, EN 55011

Regulatory: CE

### Product Identification

Item Code: **PB-RHINO-2500-24**

EAN/Barcode: **8720165614110**

Manufacturer Code: **PB-RHINO-2500-24**
