

# POWERBOOZT 12V 3kW Pure Sine Inverter

Inverter / Omvormer | POWERBOOZT | PB-RHINO-3000-12-L

Pure sine wave output provides clean 230V AC power, protecting sensitive electronics like laptops and audio equipment from damage. This inverter is purpose-built for mobile and off-grid use in caravans, campers, automotive vehicles, and marine applications.

### Features

- Delivers 3000W of pure sine wave AC power from a 12V DC source, ensuring safe operation of sensitive electronics like laptops and audio equipment.
- Purpose-built for mobile and off-grid use, including caravans, campers, automotive vehicles, and marine applications.
- Pure sine wave technology provides a clean power output identical to grid power, protecting sensitive devices from damage.
- Designed for reliable operation in demanding environments, with a robust construction suitable for heavy-duty applications.
