

# POWERBOOZT 24V 600W Pure Sine Inverter

Inverter / Omvormer | POWERBOOZT | PB-RHINO-600-24-L

Pure sine wave output overcomes sensitive electronics limitations compared to modified sine wave, delivering clean 230V AC power for all your devices. Engineered for mobile environments including caravans, campers, and marine applications, it provides dependable power wherever you go.

### Features

- Delivers 600W of pure sine wave AC power, safeguarding sensitive electronics for reliable operation of all your devices.
- Engineered for mobile environments including caravans, campers, automotive, and marine applications, providing dependable power wherever you go.
- Pure sine wave output ensures compatibility with sensitive electronics, preventing damage and operational issues common with modified sine wave inverters.
- Features an LCD screen for at-a-glance monitoring of voltage and load, enhancing operational awareness and control.
