

## RS316R Red Terminal Cover

Accessory | MATERIAL | PB.50047

Protect fixed/mobile DC systems from shorts & contamination where re-installation is impractical. Its durable build ensures continuity by safeguarding battery terminals in automotive, marine, and caravan applications.

### Features

- Ensures safe battery operation by preventing accidental short circuits and contamination
- Engineered for reliable performance across automotive, marine, caravan, and camper applications
- Durable construction offers protection against dust and environmental factors
- Bright red color enhances terminal visibility for safe and efficient maintenance

WEIGHT

**0,1 kg**

## Technical Specifications

### Physical Specifications

Weight

**0,1 kg**

### Regulatory Compliance

Regulatory: CE

### Product Identification

Item Code: **PB.50047**  
Manufacturer Code: **RS316R**  
Model: **PB.50047**
