

POWERBOOZT Premium 12V 70Ah Starter Battery

Battery / Accu | POWERBOOZT | PB.570.144

640A cold cranking power ensures engine starts at -18°C, preventing ignition failures in low-temperature environments. This proven lead-acid technology integrates cost-effectively into standard automotive power architectures for dependable operation.

Features

- Delivers 640A of cold cranking power, ensuring reliable engine starts in temperatures as low as -18°C.
- Specifically engineered for standard automotive applications, including passenger cars and light commercial vehicles.
- Utilizes proven lead-acid technology for a cost-effective and dependable power solution.
- Features a robust design that offers resistance to vibrations and impacts, enhancing durability.
