POWERBOOZT SHD 12V 140Ah Starter Battery

Battery / Accu | POWERBOOZT | PB.640.103

Across heavy-duty applications where engine starts are critical, 800A of Cold Cranking Amps ensures reliable ignition even in extreme cold, preventing costly operational delays. This PROF-SLI battery provides consistent high-power delivery and extended service life for commercial vehicles and machinery.

Features

- Delivers 800A of Cold Cranking Amps, ensuring reliable engine starts even in harsh winter conditions and reducing the risk of operational delays.
- Specifically engineered for Heavy Duty applications, including commercial vehicles, agricultural machinery, and construction equipment, where extreme reliability is paramount.
- Features a PROF-SLI (Professional-Starting, Lighting, Ignition) design optimized for high starting power and consistent performance throughout its service life.
- Built with a durable casing and robust internal components to withstand vibration and shock common in demanding operational environments.
