

POWERBOOZT 220Ah Start-Stop Battery

Battery / Accu | POWERBOOZT | PB.720.901

AGM technology overcomes traditional battery limits, offering 1400A cold-cranking power for reliable starts and sustained auxiliary operation. Its advanced construction ensures exceptional vibration resistance and maintenance-free performance, extending service life in demanding Start-Stop vehicles.

Features

- With 220Ah capacity and 1400A cold-cranking power, it ensures reliable engine starting and powers auxiliary systems even in extreme temperatures.
- Engineered for vehicles featuring Start-Stop technology, it withstands the demands of frequent engine restarts and consistent electrical load.
- Utilizing advanced AGM (Absorbent Glass Mat) technology, it offers maintenance-free operation and superior vibration resistance for extended service life.
- Designed with a DIN B00 terminal layout for seamless integration and secure connection within compatible automotive electrical systems.
