

POWERBOOZT GC2 125 240Ah Deep Cycle Battery

Battery / Accu | POWERBOOZT | PB.GC2.125

Across fixed and mobile DC power systems where re-installation is impractical, sustained 240Ah capacity extends operational periods without frequent recharging. Engineered for deep cycle applications, it provides reliable power for off-grid, RV, and marine environments where consistent energy discharge is essential.

Features

- Sustained 240Ah capacity ensures extended operational periods, significantly reducing downtime and the need for frequent recharging in critical applications.
- Engineered for deep cycle applications, providing reliable power for off-grid solar, RVs, and marine environments where consistent energy discharge is essential.
- Features diagnostic ELPT terminals for enhanced connectivity and safety, facilitating easier integration and maintenance within complex power systems.
- The robust GC2 form factor, combined with a 29.7kg weight and precise dimensions, guarantees straightforward fitment into a wide array of existing battery enclosures.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT	TERMINAL TYPE
6 V	240 Ah	29,7 kg	DT-5/16"

Technical Specifications

General Information		Electrical Specifications	
Technology	Deep Cycle Battery	Nominal Voltage	6 V
Chemistry	Lead-Acid	Rated Capacity (C20)	240 Ah
Physical Specifications		Layout	
Length	260 mm	Terminal Type	DT-5/16"
Width	180 mm	Terminal Position	Diagonal
Height	279,5 mm		
Weight	29,7 kg		

Regulatory Compliance

CE Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3
Regulatory: CE | Bebat | ADR

Product Identification

Item Code: **PB.GC2.125**
Manufacturer Code: **DT126**
Model: **GC2.125**
