

# POWERBOOZT 12V 30Ah Deep Cycle Battery

Battery / Accu | POWERBOOZT | PB.POWERBOX.12.30

High-utilisation deep-cycle operation demands a battery that sustains discharge depth without capacity loss. Lithium-Ion technology provides significantly longer cycle life than conventional batteries, ensuring dependable performance over time.

### Features

- 30Ah capacity delivers sustained power for extended operation of onboard systems in caravans and marine applications.
- Engineered for deep cycle use, providing consistent and reliable energy reserves for leisure and professional marine environments.
- Lithium-Ion technology offers higher energy density and a significantly longer cycle life than conventional batteries, ensuring dependable performance over time.
- Designed with robust construction for marine and caravan use, featuring a 12V output and 300A peak current for demanding electrical loads.
