

# POWERBOOZT 12V 50Ah Deep Cycle Battery

Battery / Accu | POWERBOOZT | PB.POWERBOX.12.50

Sustained 50Ah capacity and 300A peak current delivery ensure essential systems remain powered through extended use and high demand periods. Advanced Lithium-Ion technology provides superior energy density, faster charging, and a significantly longer service life than conventional battery types.

### Features

- Delivers sustained 50Ah capacity and 300A peak current, ensuring your essential systems remain powered through extended use and high demand periods.
- Engineered for reliable performance in caravans and marine vessels, providing consistent power for all onboard electronics and amenities.
- Utilizes advanced Lithium-Ion technology for superior energy density, faster charging, and a significantly longer service life than conventional battery types.
- Features M8 terminals for secure and robust electrical connections, ensuring safe and efficient power transfer in demanding environments.
