

POWERBOOZT 30Ah Starter Battery

Battery / Accu | POWERBOOZT | PB.U1R.330

Delivers 330A of cranking power, ensuring rapid engine starts even in sub-zero temperatures and preventing ignition failures. This SLI battery offers versatile connectivity via its +R terminal configuration for dependable passenger car and light commercial vehicle applications.

Features

- Delivers 330A of charging current, ensuring rapid power replenishment and the capacity to start engines reliably even in extreme cold.
- Designed specifically for the Starting, Lighting, and Ignition (SLI) needs of passenger cars, light commercial vehicles, and recreational vehicles.
- Features a robust construction with a +R (flag) terminal configuration for versatile and secure connectivity.
- Compact dimensions of 197x131x182 mm and a manageable 8.8kg weight facilitate straightforward installation in various vehicle battery trays.

NOMINAL VOLTAGE

12 V

RATED CAPACITY (C20)

30 Ah

COLD CRANKING AMPS (EN)

330 A

WEIGHT

8,8 kg

Technical Specifications

General Information

Technology	Starter Battery
Chemistry	Lead-Acid

Physical Specifications

Length	197 mm
Width	131 mm
Height	182 mm
Weight	8,8 kg

Electrical Specifications

Nominal Voltage	12 V
Rated Capacity (C20)	30 Ah
Cold Cranking Amps (EN)	330 A

Layout

Terminal Position	+R
