

# POWERBOOZT 24V 30A Industrial Charger

Battery Charger / Acculader | POWERBOOZT | PBC-TR12-24V30A

Delivering 30A charging current, this charger rapidly restores 24V AGM and GEL batteries, ensuring heavy-duty equipment maintains operational continuity in demanding industrial environments. Its dual-voltage input supports 12V and 24V power sources for versatile integration into diverse fleet setups.

## Features

- Delivers 30A of charging current to rapidly restore power to 24V AGM and GEL batteries, ensuring your heavy-duty equipment stays operational.
- Engineered for heavy-duty applications, providing reliable power solutions for industrial vehicles and machinery in demanding environments.
- Supports both 12V and 24V input voltages, offering versatile power source compatibility for diverse operational setups.
- Designed for use with AGM and GEL battery types, ensuring broad compatibility with common industrial battery chemistries.

NOMINAL OUTPUT VOLTAGE

**24 V**

MAX OUTPUT CURRENT

**30 A**

## Technical Specifications

Output		Charging Features	
Nominal Output Voltage	24 V	Supported Battery Types	Lead-acid, AGM, GEL
Max Output Current	30 A	Physical Specifications	
Supported Voltages	24V	Length	260 mm
Connectivity & Protection		Width	164 mm
Reverse Polarity Protection	? Yes	Height	93 mm
Short Circuit Protection	? Yes		

## Regulatory Compliance

Standards: EN 60335-2-29, EN 55014, EN 61000-3-2  
Regulatory: CE

## Product Identification

Item Code: PBC-TR12-24V30A  
EAN/Barcode: 8720618148698  
Manufacturer Code: PBC-TR12-24V30A  
Model: PBC-TR12-24V30A
