

POWERBOOZT Portable Powerstation 230V Power Station

Jump Starter / Booster | POWERBOOZT | PBPS1000

When specifying portable power for critical equipment, 1kW continuous and 2kW peak output ensures operational continuity for diverse loads. This Lithium-Ion power station delivers consistent 230V AC for marine, camper, and caravan applications.

Features

- With 1kW continuous power and 2kW peak output, the POWERBOOZT Portable Powerstation reliably powers a wide array of essential devices and appliances, ensuring operational continuity in diverse settings.
- Engineered for mobile and off-grid use, this power station is perfectly suited for marine vessels, campers, and caravans, offering dependable 230V AC power for enhanced comfort and functionality.
- Utilizing advanced Lithium-Ion battery technology, it provides efficient energy storage and delivery, enabling extended use and consistent performance for all your portable power needs.

PEAK CURRENT

2.000 A

WEIGHT

8,5 kg

Technical Specifications

Starting Power

Peak Current **2.000 A**

Voltage Support

12V Support **? Yes**

Physical Specifications

Length	352 mm
Width	187 mm
Height	260 mm
Weight	8,5 kg

Regulatory Compliance

Standards: EN 62133, UN 38.3, IEC 62281
 Regulatory: CE | Bebat | ADR

Product Identification

Item Code:	PBPS1000
EAN/Barcode:	8720618148889
Manufacturer Code:	PBPS1000
Model:	Portable Powerstation
