

POWERBOOZT PBPS3000 Portable Powerstation 230V, 3000Wh- with Trolle

Jump Starter / Booster | POWERBOOZT | PBPS3000

With a substantial 3108Wh capacity, this power station sustains essential devices and appliances for extended periods without grid connection. Its high-output 2200W continuous and 4000W peak performance reliably powers multiple demanding appliances simultaneously, engineered for mobile living and working environments.

Features

- Experience uninterrupted power for your essential devices and appliances with a substantial 3108Wh capacity, enabling extended use without grid connection.
- Engineered for the rigors of marine, camper, and caravan environments, providing a reliable power source for mobile living and working.
- Benefit from high-output performance with 2200W continuous and 4000W peak power, capable of running multiple demanding appliances simultaneously.
- Features advanced Lithium-Ion battery technology for superior longevity, consistent energy delivery, and efficient recharging.

PEAK CURRENT	BATTERY CAPACITY	WEIGHT
4.000 A	120.000 mAh	25,35 kg

Technical Specifications

Battery		Starting Power	
Battery Capacity	120.000 mAh	Peak Current	4.000 A
Battery Energy	3.108 Wh	Physical Specifications	
Battery Type	NMC	Length	409 mm
Voltage Support		Width	256 mm
12V Support	? Yes	Height	297 mm
		Weight	25,35 kg

Regulatory Compliance

CE Standards: EN 62133, UN 38.3, IEC 62281
Regulatory: CE | Bebat | ADR

Product Identification

Item Code: PBPS3000
EAN/Barcode: 8720618148919
Manufacturer Code: PBPS3000
Model: Portable Powerstation
