

TROJAN Silver 8V 165Ah Deep Cycle Battery

Battery / Accu | TROJAN | S-875

Extended operational uptime is achieved with a 165Ah C20 capacity, sustaining equipment productivity between charges. Engineered for demanding mobile applications, this deep-cycle battery leverages proven lead-acid technology for robust, reliable performance.

Features

- Experience extended operational uptime with a 165Ah capacity, ensuring your equipment runs longer between charges for maximum productivity.
- Engineered for demanding mobile applications, including cleaning machines, aerial work platforms, golf cars, marine use, and AGVs, providing dependable power where it's needed most.
- Leverages proven lead-acid technology for robust performance and reliable deep-cycle capabilities, suitable for frequent and deep discharge cycles.
- Designed for straightforward integration with dimensions of 259x181x272mm and a weight of 28kg, fitting seamlessly into various equipment designs.
