

COTEK HF Sine Wave Inverter 12V Pure

Inverter / Omvormer | COTEK | SP.3000-212

Pure sine wave output safeguards sensitive electronics from interference and damage, while advanced High Frequency technology enables efficient, compact power conversion from 12V DC. This inverter integrates seamlessly into caravans, automotive, marine, and heavy-duty vehicle systems for reliable mobile power.

Features

- Delivers pure sine wave AC power, safeguarding sensitive electronics from damage and interference.
- Engineered for reliable performance in caravans, automotive, marine, camper, and heavy-duty vehicle applications.
- Utilizes advanced HF (High Frequency) technology for efficient and compact power conversion from 12V DC.
- Robust build quality ensures durability and consistent operation in mobile and demanding environments.

|------------------|------------------------|---------------|
| CONTINUOUS POWER | NOMINAL OUTPUT VOLTAGE | WEIGHT |
| 3.000 W | 230 V | 8,2 kg |

Technical Specifications

| Input | | Output | |
|-----------------------|----------------|-------------------------|------------------|
| Nominal Input Voltage | 12 V DC | Nominal Output Voltage | 230 V AC |
| | | Waveform | PURE_SINE |
| Power | | Physical Specifications | |
| Continuous Power | 3.000 W | Length | 421 mm |
| | | Width | 255 mm |
| | | Height | 158 mm |
| | | Weight | 8,2 kg |

Regulatory Compliance

Standards: EN 62109-1, EN 62109-2, EN 55011
Regulatory: CE

Product Identification

Item Code: **SP.3000-212**
Manufacturer Code: **SP.3000-212**
Model: **HF Sine Wave Inverter**
