

# TROJAN 12V 150Ah Deep Cycle Battery

Battery / Accu | TROJAN | T1275

Experience extended operational uptime with 150Ah deep cycle capacity, ensuring your equipment remains powered throughout demanding workdays. Specifically engineered for golf cars, this battery provides reliable power for navigating courses and onboard features.

### Features

- Experience extended operational uptime with 150Ah deep cycle capacity, ensuring your equipment remains powered throughout demanding workdays.
- Specifically engineered for golf cars, this battery provides the reliable and consistent power output essential for navigating courses and powering onboard features.
- Utilizes TROJAN's advanced battery technology for superior deep discharge performance and longevity, outlasting standard batteries in rigorous use.
- Designed with robust construction to withstand the vibrations and shocks inherent in mobile equipment applications, ensuring consistent reliability.
