

Electronics 210W Pure Sine Inverter

Inverter / Omvormer | Electronics | T200-420A500-00

Reliable 210W pure sine wave inverter for stable power delivery to sensitive electronics.

Features

- Provides clean pure sine wave power output
- 210W continuous power capacity
- Protects sensitive electronic equipment
- Ideal for mobile and backup power systems

CONTINUOUS POWER

210 W

NOMINAL OUTPUT VOLTAGE

240 V

Technical Specifications

Output

Nominal Output Voltage **240 V AC**

Power

Continuous Power **210 W**

Regulatory Compliance

Standards: EN 62109-1, EN 62109-2, EN 55011
Regulatory: CE

Product Identification

Item Code: **T200-420A500-00**
