

# TROJAN 8V 170Ah Deep Cycle Battery

Battery / Accu | TROJAN | T875

TROJAN's deep-cycle technology withstands repeated discharge and recharge cycles, extending service life in demanding applications. This 8V 170Ah battery delivers sustained energy output for specialized vehicles and equipment.

### Features

- With a substantial 170Ah capacity, the TROJAN T875 delivers sustained energy output for extended operational periods, ensuring your equipment remains powered throughout the job.
- Specifically engineered for golf cars, cleaning machines, and aerial work platforms, this battery provides the reliable power required to keep these specialized vehicles and equipment functioning optimally.
- Utilizing TROJAN's deep-cycle technology, the T875 is built to withstand repeated discharge and recharge cycles, offering superior longevity and performance compared to standard batteries.
- Designed for compatibility with Lood zuur (lead-acid) systems, this battery integrates seamlessly into existing electrical architectures for a wide range of applications.
