

# TROJAN 8V 157Ah Deep Cycle Battery

Battery / Accu | TROJAN | T875-AES

Avoid premature power loss in demanding cycles with the TROJAN T875-AES AGM battery's 157Ah capacity for extended runtimes. Its advanced AGM technology provides maintenance-free reliability and superior vibration resistance for heavy-duty deep cycle applications.

### Features

- With a 157Ah capacity, the TROJAN T875-AES provides extended operational runtimes, ensuring your equipment remains powered throughout demanding cycles.
- Designed for heavy-duty deep cycle applications, this battery is engineered for consistent performance in demanding industrial and mobile environments.
- Featuring advanced AGM technology, the TROJAN T875-AES offers a maintenance-free experience and superior vibration resistance for enhanced reliability.
- The M8 terminal ensures secure and reliable connections, facilitating straightforward integration into your existing power systems.

NOMINAL VOLTAGE	RATED CAPACITY (C20)	WEIGHT
<b>8 V</b>	<b>157 Ah</b>	<b>33 kg</b>

## Technical Specifications

General Information		Electrical Specifications	
Technology	Deep Cycle Battery	Nominal Voltage	8 V
Chemistry	Lead-Acid	Rated Capacity (C20)	157 Ah
Physical Specifications			
Length	262 mm		
Width	179 mm		
Height	273 mm		
Weight	33 kg		

### Regulatory Compliance

**CE** Standards: EN 50342, EN 61427, EN 62133, IEC 62619, UN 38.3  
 Regulatory: CE | Bebat | ADR

### Product Identification

Item Code: **T875-AES**
