

TUDOR 12V 61Ah Starter Battery

Battery / Accu | TUDOR | TA612

Across automotive and marine applications where reliable engine starts are critical, 600A Cold Cranking Amps (CCA) ensure immediate ignition even in adverse conditions. This proven lead-acid battery technology delivers dependable power for starting engines and essential onboard systems.

Features

- Delivers 600A Cold Cranking Amps (CCA) for assured engine starts in adverse weather, ensuring your vehicle or vessel is always ready to go.
- Specifically designed for automotive and marine applications, providing dependable power for starting engines and operating essential onboard systems.
- Utilizes proven lead-acid battery technology, offering a balance of performance, reliability, and cost-effectiveness for demanding applications.
- Features a compact design with dimensions of 242x175x175mm, facilitating installation in a wide range of automotive and marine battery trays.
