

TUDOR 12V 72Ah Starter Battery

Battery / Accu | TUDOR | TA722

In automotive applications requiring dependable engine ignition, 720A of cold cranking power ensures reliable starts across all weather conditions. This lead-acid battery is specifically engineered for the rigorous demands of starting applications, providing consistent vehicle power.

Features

- Delivers 720A of cold cranking power to ensure reliable engine starts in all weather conditions.
- Specifically engineered for the rigorous demands of automotive starting applications, ensuring consistent vehicle power.
- Utilizes proven lead-acid technology for dependable performance and a robust energy supply.
- Designed with standard automotive terminal configurations for straightforward integration into existing electrical systems.
