

TUDOR 12V 110Ah Starter Battery

Battery / Accu | TUDOR | TB1100

850A cold-cranking power ensures rapid engine starts even in frigid temperatures, minimising commercial vehicle and marine craft downtime. This 12V, 110Ah lead-acid battery delivers consistent energy for critical starting needs across demanding automotive and marine applications.

Features

- Delivers 850A cold-cranking power, ensuring rapid and dependable engine starts even in frigid temperatures, minimizing downtime for commercial vehicles and marine craft.
- Engineered for robust performance in both automotive and marine environments, providing a reliable power source for critical starting needs.
- Utilizes proven lead-acid technology for consistent and dependable energy delivery, offering a cost-effective solution for standard starting applications.
- Designed with standard terminal configurations for straightforward integration into existing automotive and marine electrical systems.
