

TUDOR 12V 60Ah Starter Battery

Battery / Accu | TUDOR | TB604

480A cranking current delivers rapid, powerful engine starts, ensuring operational continuity for passenger cars and light commercial vehicles. Advanced internal construction provides superior vibration resistance and durability, extending service life and reducing replacement costs.

Features

- With 480A of charging current, this battery ensures rapid and powerful engine starts, minimizing the risk of starting failures in critical situations.
- Designed for the automotive sector, it provides reliable starting power for passenger cars and light commercial vehicles, ensuring uninterrupted mobility.
- Utilizing advanced internal construction, the battery offers superior vibration resistance and durability, leading to a longer operational lifespan and reduced replacement costs.
- The 60Ah capacity ensures ample power reserve for all essential vehicle electronics, even when the engine is off.
