

TUDOR 12V 80Ah Starter Battery

Battery / Accu | TUDOR | TB800

640A Cold Cranking Amps deliver powerful and reliable engine starts, eliminating downtime for commercial vehicles. This lead-acid battery is optimized for high-current ignition power and extended service life in demanding starter applications.

Features

- 640A Cold Cranking Amps ensure powerful and reliable engine starts, minimizing downtime for commercial vehicles.
- Specifically designed for the rigorous demands of automotive starter applications, ensuring dependable ignition.
- Utilizes proven lead-acid technology, optimized for high-current starting power and extended service life in automotive use.
- Robust construction provides resilience against vibrations and temperature fluctuations common in automotive environments.
