

TROJAN 6V 245Ah Deep Cycle Battery

Battery / Accu | TROJAN | TE35

Engineered for extended operational periods where re-installation is impractical, its 245Ah capacity minimizes the need for frequent recharges, maximizing uptime for your equipment. This deep-cycle lead-acid battery provides robust and dependable power for golf cars, aerial work platforms, and marine applications.

Features

- With 245Ah capacity, this battery ensures extended operational periods for your equipment, minimizing the need for frequent recharges and maximizing uptime.
- Specifically engineered for golf cars, aerial work platforms, cleaning machines, marine applications, and AGVs, providing reliable power where it's most needed.
- Utilizing proven lead-acid technology, the TE35 offers a robust and dependable deep-cycle performance, ideal for equipment requiring consistent power delivery.
- Designed for demanding deep-cycle use, this battery is built to withstand frequent discharge and recharge cycles, offering long-term operational reliability.
