

# TUDOR 12V 9Ah Start-Stop Battery

Battery / Accu | TUDOR | TK091

Start-Stop systems need immediate power during engine-off periods. The 120A charge current rapidly replenishes the 9Ah capacity for continuous auxiliary function operation.

### Features

- Ensures seamless operation of vehicle accessories and critical functions during engine-off periods, thanks to its 9Ah capacity and 120A charging current, providing immediate power response.
- Specifically designed for the rigorous demands of automotive Start-Stop systems, guaranteeing consistent power for auxiliary functions and reliable restarts.
- Utilizes advanced battery chemistry optimized for frequent deep discharges and rapid recharge cycles inherent to Start-Stop operation, extending service life.
- Compact footprint (150x90x105 mm) and lightweight design ensure easy integration into auxiliary battery compartments, facilitating installation in a wide range of modern vehicles.
