

TUDOR 12V 106Ah Start-Stop Battery

Battery / Accu | TUDOR | TK1060

950A cold-cranking power delivers reliable engine starts at -18°C, sustaining vehicle operational continuity in frigid conditions. Optimized for Start-Stop systems and heavy-duty agricultural applications, its AGM technology ensures maintenance-free performance and extended service life.

Features

- Delivers exceptional cold-cranking power (950A) to ensure reliable engine starts in temperatures as low as -18°C, keeping vehicles operational year-round.
- Optimized for agricultural and automotive applications, providing dependable power for heavy-duty machinery and passenger vehicles with Start-Stop systems.
- Features advanced AGM (Absorbent Glass Mat) technology, offering maintenance-free operation, superior vibration resistance, and a longer service life compared to conventional batteries.
- Designed with a compact footprint (393x175x190mm) for straightforward installation in a wide array of vehicle battery compartments.
