

# TUDOR 12V 105Ah Start-Stop Battery

Battery / Accu | TUDOR | TL1050

Enhanced Flooded Battery (EFB) technology delivers superior charge acceptance and cycling performance, sustaining 105Ah capacity for frequent engine restarts in start-stop vehicles. This engineering enables consistent power delivery to demanding accessory loads and regenerative braking systems.

### Features

- Delivers 105Ah of capacity, ensuring sustained power for frequent engine restarts and demanding accessory loads in start-stop vehicles.
- Engineered for vehicles featuring start-stop technology, regenerative braking, and other energy-saving systems.
- Utilizes Enhanced Flooded Battery (EFB) technology for superior charge acceptance and cycling performance, outperforming standard batteries.
- Features a robust design with a 950A charging current capability, ensuring rapid power recovery and reliable ignition.
